**Response for Hearing Session 15: RENEWABLE ENERGY**

Dear Mrs Gulley,

I have attached my response for Hearing Session 15 with regard to the Revised RE Policy issued in May 2017 (EDO59, EDO60 and EDO61)

When I contacted you on 11 Feb 2017 and again at a later date I was advised that my report should address my concerns in respect of Policy RE1, **as amended by the Further Focussed Changes (ie FFC79)**. I was further advised that if I wished I could also make comments on the additional evidence that was due to be published at the end of March, but only in so much as it was relevant to the issues that you had identified on the agenda.

However, the advice on the website now seems to suggest that our responses should address only the revised policy (Issued May 2017) ie. EDO59, EDO60 and EDO61.

This has left me a little confused as to what to do.

I have therefore enclosed two separate responses:

- I. The response that deals with the Revised RE Policy (EDO59, EDO60 and EDO61)
- II. The response that deals with RE1 as amended by FFC79

I trust that this will be acceptable. Please let me know if you do not find this acceptable.

Yours sincerely,

Rosemary Watton
