

Theme B - Management and Enforcement of Public Rights of Way and Green Spaces

Theme B looks at the management & enforcement of the network.

Please refer to the poster or Section 4 (pages 123 - 140) of the plan which lists 11 actions and tick all those that you support and those that you don't.

Take all reasonable steps to improve access for all

Identify and provide opportunities to increase the responsibilities and scope of the work that volunteers can carry out

Take enforcement action when and where necessary (in accordance with our policy and the Higher Tier Approach). Please refer to Appendix 2

Develop and implement the Higher Tier Approach. (see Appendix 2)

Be effective and efficient in the recruitment, retention and management of the volunteer workforce

To continually open and have a well-signed public rights of way network

Provide and improve appropriate way marking and signage on public rights of way, access land and public green space.

Any changes to the subsidy payments for landholders should be a consideration in how the Council priorities its resources in the future. (by this we mean that payments to farmers/landholders are like to change post Brexit)

Effectively manage, monitor and maintain opened paths in a satisfactory condition.

Work with external organisations to deliver improved signage and way marking

Prioritise higher status paths within a community

Which three would you say are a priority?
